## EXPERIENCE

### HubSpot, Boston MA — *Software Engineering Intern*

January 2018 - August 2018

Worked on the **Integrations** team developing platform APIs (in particular Ecommerce) and supporting existing HubSpot owned apps. Worked mostly on their **Shopify** and Ecommerce Bridge **API** releases. Given freedom to manage my own schedule and trust to get work done. Worked with **MapReduce**, **Kafka**, **HBase**, and **REST APIs**.

### BAE Systems, Nashua NH — *Technical Intern 2*

June 2017 - August 2017

Worked with middleware for various pieces of software. Developed hierarchy for build systems including **CMake** for building libraries for Windows, Linux, and Integrity. Converted version control system from **ClearCase** to **Git**.

## EDUCATION

### Rochester Institute of Technology, Rochester NY — *Computer Science BS*

August 2015 - May 2020 (expected)

**GPA: 3.61. Dean's list** for all terms. RIT Presidential Scholarship recipient. Computer Science focus in Architecture and Operating Systems. Immersion in Music. Member of the Jazz Ensemble and Rugby Club.

## PROJECTS

**XXX— XXX**

XXX
